

# TOWN HALL MEETING

Cleaning the air that we breathe...

*You Asked For Help With Air Quality ... We Delivered*

On August 30, the South Coast Air Quality Management District (AQMD), the City of Santa Clarita and the College of the Canyons invite you to a town hall air quality meeting. Come hear the results of the study that focuses on the air quality issues here in Santa Clarita, called the Sub Regional Plan. The AQMD will also talk about the air regulations and permitting requirements that apply to the proposed CEMEX Mega Mining project.

- Air quality in the Santa Clarita Valley and your health
- AQMD experts on hand to explain the results and answer questions
- Impacts from the proposed CEMEX mega mine
- Learn where the pollution is coming from and what we can do about it

The AQMD is the government agency responsible for protecting you from air pollution -- and we believe that everyone should have equal protection. Please join us for this important meeting.

Tuesday, August 30, 2005 -- 6:30 p.m. to 9 p.m.  
College of the Canyons  
Vital Express Center for the Performing Arts  
26455 Rockwell Canyon Road
