Inerts (*concrete, sand, dirt, clean fill, rock, gravel, etc.*)

Material	Recycle? Reuse?	Quantity (est. tons)	Recycling Method/Franchised Hauler	Landfill
Total				
Inert Diversion Percentage				

Other Construction and Demolition Materials (*wood, metal, drywall, carpet, etc.*)

Material	Recycle? Reuse?	Quantity (est. tons)	Recycling Method/Franchised Hauler	Landfill
Total				
C&D Materials Diversion Percentage				

On June 28, 2005, the City Council passed a Construction and Demolition (C&D) Ordinance (05-09) requiring all new construction projects valued over \$500,000 and all tenant improvements valued over \$100,000 to recycle a minimum of 50% of all inert materials and 50% of all other materials. Please make sure you keep records from your waste haulers or weight tickets from the C&D recycling center/landfill so the City can confirm your recycling efforts. These records will be necessary to prove your recycling tonnages and will be required in order to have your deposit returned at the end of your project. Please note that deposits will take up to three weeks to be refunded.

By initialing here, you are certifying that you have read and understand this requirement: _____
