**FOR YOUR  
SCHOOL/GROUP**

The 2009 Amgen Tour of California course is 650 miles and the most successful startup professional cycling race in history—and we're honored to welcome it back to the City of Santa Clarita!

It takes commitment, dedication, and hard work to be able to enter a race like The Amgen Tour of California, and we invite your students to participate in this exciting weekend of cycling and other special events.

Being a part of the City of Santa Clarita School/Group Participation Contest, sponsored by Henry Mayo Newhall Memorial Hospital, will increase students' awareness of cycling and encourage them to ride a bicycle for exercise, recreation, energy conservation, and lifelong health. Certificates of Participation will be mailed to your group for all participants.
