REVENUES

The City of Santa Clarita provides many services to its residents such as Police, Fire, Park and Recreation, Library Services, etc. These services are not without a cost to the taxpayer. It is the task of City officials to produce the necessary revenue to satisfy the ever-growing demand for local services.

The City of Santa Clarita receives revenue from many sources to offset the costs of its operations. Revenue is received from sales taxes, property taxes, and many other sources. For each fiscal year, the

City's revenues are estimated. This section will describe the 51 major revenue sources available to the City. The budget summaries will provide a more detailed breakdown of all revenues. Major revenue sources are as follows:

1. **Sales and Use Tax** - Sales and use tax is imposed on retailers for the privilege of selling, at retail, within the City limits. This tax is based on the sales price of any taxable transaction of tangible personal property. The Bradley-Burns Uniform Local Sales and Use Tax Law, adopted in 1955, extends the authority to impose local sales tax to counties. One percentage point of the sales tax collected by the State Board of Equalization is allocated back to the City for general purposes. Sales tax continues to be the City's largest revenue source accounting for 41% of the General Fund, or \$22.5 million.
2. **Property Tax** - Property tax is imposed on real property (land and permanently attached improvements, such as buildings) and tangible personal property located within the City. The tax comprises one percent of the assessed value of the property. Property tax has grown steadily over the past five years, demonstrating a 9.2% increase over last year at \$6.7 million for fiscal year 2002-2003.
3. **Highway Encroachment Permits** - These fees are collected under the provisions of the City's Highways Permit Ordinance and defray the cost of services for processing, plan review, and inspection services of construction and/or encroachment within City streets. 4. **Interest** - Interest income is earned as the City invests its idle funds in various investment media. The goal of the City's investment is to protect each investment while achieving the highest rate of return. The City Treasurer (Director of Finance) handles the City's investment portfolio.
5. **Motor Vehicle In-Lieu** - Motor Vehicle In-Lieu is a state vehicle license fee imposed on motorists for the privilege of operating a motor vehicle on the public highways. This fee is two percent of the depreciated interest value of all motor vehicles and is imposed "in-lieu" of a local property tax.
